

Omni VISION

Monitor all devices

Omni VISION is a highly secure cloud-based portal allowing operators to monitor all Banktech and Utopia devices as well as EGMs in one place.

Omni VISION monitors cash levels and tracks alerts on all Banktech and Utopia devices. It also generates reports and business insights for all EGMs connected to Utopia's Global gaming System.

Omni
VISION

Benefits of Omni VISION:

- + User friendly:** Accessible from both desktop and mobile devices.
- + Multi-level access:** Multi-level access can be configured to allow groups to see individual venues' devices.
- + Streamlined reporting:** A comprehensive and growing range of built-in reports for devices and gaming analysis including cash levels and performance.
- + Accurate:** Always up to date, with real time reporting.
- + Secure:** Omni VISION is highly secure, ensuring your data remains protected.
